

MLG: Machine Learning with Graphs (*Strojno učenje na grafih*)

Assignment: Project proposal

Submission time: 20:17 and date: 7. February 2023

Submission Fill in and include this cover sheet with each of your assignments. It is an honor code violation to write down the wrong date and/or time. Assignments are due at 9:00am and should be submitted through Gradescope and eUcilnica. Students should check Piazza for submission details.

Late Periods Each student will have a total of *two* free late periods. *One late period expires the morning on the day before the next class.* (Assignments are usually due on Fridays, which means the first late period expires on the following Tuesday at 9:00am.) Once these late periods are exhausted, any assignments turned in late will be penalized 50% per late period. However, no assignment will be accepted more than *one* late period after its due date.

Honor Code We strongly encourage students to form study groups. Students may discuss and work on assignments in groups. However, each student must write down their solutions independently, i.e., each student must understand the solution well enough in order to reconstruct it by him/herself. Students should clearly mention the names of all the other students who were part of their study group. Using code or solutions obtained from the web (GitHub, Google, previous years etc.) is considered an honor code violation. We check all submissions for plagiarism. We take the honor code very seriously and expect students to do the same.

Name: Yon Ploj

Email: yp8702@student.uni-lj.si SID: 63200025

Study group: Team Kul

I acknowledge and accept the Honor Code.

(Signed)
